

## PRODUCT DATA SHEET

### LUBRALL LP 4 GREASE

#### Product Description:

Lubrall LP 4 Grease is a premium quality, calcium-based grease specially designed for construction and industrial applications. It offers excellent water resistance, smooth texture, and superior protection against wear and rust, even in demanding working environments.

#### Key Features & Benefits:

- • Smooth & buttery texture for easy application
- • Excellent water resistance—suitable for wet and outdoor environments
- • Reliable lubrication under moderate temperatures and loads
- • Good adhesion and consistency retention
- • Protects against corrosion and wear

#### Typical Properties:

Property	Test Method	Result
Thickener Type	-	Calcium
Appearance	Visual	Yellow
Texture	Visual	Smooth & Buttery
Unworked Penetration (25°C ±0.5°C)	ASTM D217	224
Worked Penetration (25°C ±0.5°C)	ASTM D217	230
Drop Point	ASTM D566	80°C
Base Oil Viscosity @100°C	ASTM D445	6.79 cSt
Flash Point	ASTM D92	185°C

#### Applications:

- • Earth-moving and construction machinery
- • Chassis lubrication
- • Agricultural equipment

#### Packaging:

Available in 180 kg drum

AUTOMOTIVE | INDUSTRIAL | SPECIALITY LUBRICANTS

**Storage & Handling:**

Store in a cool, dry place away from direct sunlight. Keep containers tightly closed when not in use. Avoid contamination with dust or water.

**Safety & Precaution:**

Refer to the product MSDS for complete safety instructions. Avoid prolonged contact with skin. Use protective gloves during handling.

NON-WARRANTY: The information in this bulletin is based on our experience and tests which we believe to be reliable, but offer no guarantee and accept no responsibility for operations not under our
