

PRODUCT DATA SHEET

CUT-BR 45
(Neat cutting oil)

Lubrall's Cut BR 45 is a high-performance, medium-viscosity neat cutting oil specifically formulated for heavy-duty broaching applications. Designed to meet the demanding requirements of broaching operations, this cutting oil provides superior lubrication, cooling, and chip flushing properties.

Advantages:

- 1) The unique composition of Lubrall Cut BR 45 helps to minimize tool wear, extend tool life, and improve surface finish quality.
- 2) Its excellent thermal stability ensures consistent performance even under high-temperature conditions, making it ideal for use in challenging machining environments. In addition, Lubrall Cut BR 45 is formulated to offer excellent wetting properties, ensuring optimal contact between the cutting tool and workpiece.
- 3) This helps to reduce friction and heat generation, resulting in improved machining efficiency and lower operating costs. With Lubrall Cut BR 45, you can trust that your broaching operations will run smoothly and efficiently, delivering high-quality results with minimal downtime.

Specification

1	Colour	Brownish Yellow
2	Density @29	0.83-0.88
3	Viscosity	40-45 Cst
4	Flash Point	>200⁰ C
5	Corrosion Test	Still – Nill Aluminium -Nill
6	EP additive	Added
7	Easter	Present
8	Sulphar	Present

Packing: - 210 Liter drum.

NON-WARRANTY: The information in this bulletin is based on our experience and tests which we believe to be reliable, but offer no guarantee and accept no responsibility for operations not under our direct control.
